Unlimited Play

Where limitations are forgotten, and differences are celebrated
Why do playgrounds matter?

Play is a critical part of the social, emotional, cognitive and physical development of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities and critical illnesses the opportunity for exercise, entertainment and social interactions which other children enjoy. In fact, only a small percentage of fully accessible playgrounds exist within our nation and these are insufficient to serve 43 million Americans with disabilities.

An Inclusive Playground is specifically designed to remove physical and social barriers so ALL children, with and without disabilities and/or critical illnesses, can play side by side with their peers and families.

The Vision

Our vision is simple – to create a space where everyone can experience the happiness of playing with friends. We aim to create a transformative playground that reflects the spirit of our community, where inclusivity and adaptability reign supreme. This playground will be a symbol of unity, designed by and for the people, ensuring that every individual, regardless of ability or background, feels welcomed and empowered.

We aim to foster a space that inspires collaboration, creativity, and exploration, where everyone can freely participate, learn, and grow. By embracing diversity and actively involving the surrounding areas, our inclusive and adaptive playground will become a cherished hub of joy, connection, and shared experiences for generations to come.

To be located at Heartsill Meadow in Greenwood, AR, this playground will be an Unlimited Play inclusive playground — a place where limitations will be forgotten and differences are celebrated!
